

# Significant event notice

## ING DIRECT Living Super changes to come into effect from 1 June 2017

Issue date: 21 March 2017

Changes are coming to Living Super on 1 June 2017, including:

- Changes to the fee structure of Living Super ..... page 1
- Enhancements to our Balanced, Growth and High Growth investment options ..... page 3
- Increase to the maximums available through Share Trading ..... page 5

ING DIRECT's focus is to provide great value products with competitive features. By restructuring Living Super we are ensuring that we continue to build on the features of Living Super and drive investment performance. Please read these changes carefully as they will impact you.

**Please note from 1 June 2017, administration and investment fees will apply to the Balanced option. Fee changes for all investment options are detailed in the below table.**

### 1. Changes to the fee structure of Living Super

From 1 June 2017, ING DIRECT and the Trustee are introducing a new fee structure to Living Super. This includes changes to investment fees supporting the enhancements made to the investment options outlined in this document. In addition, changes are being made to administration fees to ensure Living Super remains a sustainable superannuation solution for our customers and we continue to deliver you further enhancements in future. Refer to the below table for details on these changes.

Type of fee	What is changing	Cash Hub Amount	Safe (Cash and Term Deposits) Amount	Smart (Balanced option) Amount	Select (Managed funds) Amount	Shares Amount	How and when paid
<b>Investment fee</b>	Cash Hub, Safe, Shares, Select – no change. Smart - A 0.25% p.a. investment fee will now apply.	Nil		0.25% p.a. on the account balance in Smart and Select investment options.		Nil	Cash Hub, Safe, Shares – Not applicable. Smart, Select – Calculated daily and factored into the unit price.
<b>Administration fee</b>	Cash Hub, Safe, Smart, Select and Shares - A \$5 per month dollar-based administration fee will now apply to all Living Super accounts.			\$5 per month (\$60 p.a.)			\$5 per month deducted from the Cash Hub monthly in arrears on the last day of each month or when you close your account. Calculated pro-rata in the month your Living Super account is first opened or closed. If you have more than one account (e.g. a Super account and a TTR account) you will be charged one member fee on each account.  This fee will still apply if you are 100% invested in the Cash Hub.
	Cash Hub, Safe, Smart, Select and Shares - Super funds are required to hold capital reserves to cover the risk of loss to members from an operational risk. This is known as the Operational Risk Financial Requirement (ORFR). The Trustee previously fully funded this reserve on behalf of customers, however from 1 June 2017 an estimated charge of 0.14% p.a. will now apply to all customers to fund this reserve on an ongoing basis.  Smart - A 0.50% p.a. Administration fee will now apply, capped at \$2,500 p.a. Select - The 0.50% p.a. Administration fee will continue to apply (no change), now capped at \$2,500 p.a. (previously \$1,000 p.a.). Shares - A 0.50% p.a. Administration fee will replace the current \$300 p.a. fee for the Shares investment category, capped at \$2,500 p.a.	<b>PLUS</b> Estimated to be between 0.03-0.14% p.a. on the total account balance invested in Living Super.		<b>PLUS</b> 0.64% p.a. (0.50% p.a. on the account balance in Smart and Select investment options capped at \$2,500 p.a. plus an estimated 0.03-0.14% p.a. on the total account balance).			Cash Hub, Safe, Smart, Select, Shares – Calculated daily, deducted from the Cash Hub monthly on the last day of the month or when you close your account.  The cap for the Smart, Select and Shares administration fee applies between 1 July and 30 June of each year.
<b>Buy-sell spread</b>	From 1 June 2017, the buy-sell spreads for the Balanced, Growth and High Growth options are changing.  Balanced option - buy-sell fees will <u>increase</u> by 0.03% each.  Growth option - only the buy fee will <u>increase</u> by 0.01%. The sell fee will not change.  High Growth option - the buy/sell fees will <u>decrease</u> by 0.01% each.  No change to the other options in the Select investment category.	Nil		Option (Buy-sell) Balanced (0.10%-0.09%) Growth (0.12%-0.10%) High Growth (0.14%-0.12%)		Nil	Cash Hub, Safe, Shares – Not applicable. Smart, Select - Included in the unit price.

The fees and costs expressed in the table on the previous page are inclusive of GST less any reduced input tax credits and will apply from 1 June 2017.

Please note, a minimum total account balance of \$5,000 currently applies to the Balanced option. From 1 June 2017, this rule will no longer apply. If your balance is less than \$100 on 1 June 2017, we may transfer your balance to an eligible rollover fund. If this impacts you, we will communicate to you separately prior to transferring your account.

### What will the cost of fees be?

Refer to the tables below for examples of how fees are applicable for the Balanced and Growth investment options:

Example - Living Super's Balanced investment option		Balance of \$50,000
<i>Investment fees</i>	0.25% p.a. on the <i>account</i> balance in Balanced investment option	For every \$50,000 you have in this investment option you will be charged \$125 each year
<b>PLUS</b> <i>Administration fees</i>	\$5 per month (or \$60 p.a.) <b>Plus</b> , 0.64% p.a. (0.50% p.a. on the <i>account</i> balance in Balanced investment option capped at \$2,500 p.a. plus an estimated 0.03-0.14% p.a. on the total <i>account</i> balance)	<b>And</b> , \$60 each year regardless of balance. <b>Plus</b> , for every \$50,000 you have in this investment option you will be charged \$250 each year capped at \$2,500 p.a. <b>Plus</b> , for every \$50,000 you have invested you will be charged up to \$70 p.a.
<b>PLUS</b> Indirect costs for the Living Super's Balanced option	Nil	<b>And</b> , indirect costs of \$0 will be deducted from your investment
<b>EQUALS</b> Cost of product		If your balance was \$50,000, then for that year you will be charged fees of <b>\$505*</b> for this investment option.

\*Additional fees may apply. And, if you leave the superannuation entity, you may be charged an exit fee of \$0 and a buy/sell spread which also applies whenever you make a contribution, exit, rollover or investment switch. The buy/sell spread for exiting is 0.09% (this will equal to \$45 for every \$50,000 you withdraw).

Example - Living Super's Growth investment option		Balance of \$50,000
<i>Investment fees</i>	0.25% p.a. on the <i>account</i> balance in Growth investment option	For every \$50,000 you have in this investment option you will be charged \$125 each year
<b>PLUS</b> <i>Administration fees</i>	\$5 per month (or \$60 p.a.) <b>Plus</b> , 0.64% p.a. (0.50% p.a. on the <i>account</i> balance in Growth investment option capped at \$2,500 p.a. plus an estimated 0.03-0.14% p.a. on the total <i>account</i> balance)	<b>And</b> , \$60 each year regardless of balance. <b>Plus</b> , for every \$50,000 you have in this investment option you will be charged \$250 each year capped at \$2,500 p.a. <b>Plus</b> , for every \$50,000 you have invested you will be charged up to \$70 p.a.
<b>PLUS</b> Indirect costs for the Living Super's Growth option	Nil	<b>And</b> , indirect costs of \$0 will be deducted from your investment
<b>EQUALS</b> Cost of product		If your balance was \$50,000, then for that year you will be charged fees of <b>\$505*</b> for this investment option.

\*Additional fees may apply. And, if you leave the superannuation entity, you may be charged an exit fee of \$0 and a buy/sell spread which also applies whenever you make a contribution, exit, rollover or investment switch. The buy/sell spread for exiting is 0.10% (this will equal to \$50 for every \$50,000 you withdraw).

### How do fees in Living Super compare to other superannuation funds?\*

SuperRatings, an independent research and consulting provider, have conducted an analysis of our new fee structure compared to other superannuation funds. SuperRatings confirm the fees for the Living Super Balanced option remains below the median when compared against retail and industry super fund options with similar asset allocations.

The full report is available at [ingdirect.com.au/superratings](http://ingdirect.com.au/superratings)

**'Living Super's Balanced option fees remain below the median** when compared against retail and industry super fund options with similar asset allocations.'

-SuperRatings 2017

### What does this mean for me?

The changes that will apply from 1 June 2017 will mean different things to different people. So please review your situation and superannuation investments in light of these changes.

We're here for you on 1800 075 785, 8am-8pm Mon to Fri, or 9am-5pm Saturday (AEST/AEDT) for any questions.

\* The comparisons are based on a \$50,000 account balance and include member fees, administration fees and investment management fees as disclosed in the latest Product Disclosure Statement for each accumulation product. Contribution fees, entry fees, exit fees, additional adviser fees or any other fees charged are excluded from this review. The SuperRatings All Fund median is the calculation of total ongoing fees payable (applicable member fees, administration fees and investment management fees) on a \$50,000 account balance invested in the 'Balanced option' (60-76% growth asset allocation) of Retail Master Trusts and Not For Profit (Industry) superannuation funds tracked by SuperRatings. The comparisons were based on information held within the SuperRatings database as at 27 February 2017.

## 2. Investment enhancements to the Balanced, Growth and High Growth options

Investment performance has been solid across the Balanced (Smart investment category), Growth and High Growth investment options (within the Select investment category) for the past few years. Following a review of the investment strategies and objectives of these three investment options, we are restructuring the Balanced, Growth and High Growth investment options to ensure they are appropriate for the expected future investment environment and remain a suitable investment choice for Living Super customers. These changes aim to provide you with improved performance over the long term by reducing the asset allocation in cash and diversifying investments across a broader range of asset classes.

### Balanced option

The Balanced option asset allocation aims to provide medium to long term capital growth with income built into the unit price. The risk level for this option will change from Medium-High to High risk.

### New Investment Objective

Aims to achieve a 2.0% average annual return above inflation (CPI) over 6 years after fees and taxes (previously 2.5% over 4 years before fees and tax).

Along with changes to the asset allocation, the asset class allocation ranges will also be updated.

Asset class	Previous ranges	New ranges	Previous target allocation	New target allocation
Australian Shares	15-45%	18-45%	30%	33%
International Shares	0-20%	5-25%	10%	12.5%
International Shares (Hedged)	0-20%	5-25%	10%	12.5%
Australian Listed Property	0%	0-10%	0%	4%
Australian Fixed Interest	0-10%	0-25%	0%	10%
International Fixed Interest (Hedged)	0%	0-10%	0%	0%
Cash	20-60%	20-40%	50%	28%

### What does this mean for me?

The changes to the Balanced option will apply from 1 June 2017. If you are currently invested in the Balanced option and do not want the new Balanced option asset allocation, you can choose your own investments or replicate the current Balanced option allocation using the Select investment options. You can do this online any time by following the below instructions:

1. Go to [ingdirect.com.au](http://ingdirect.com.au) and log in with your Client Number and Access Code
2. Click on your Superannuation account
3. In the new screen, click Change your Investments

If choosing your own investments, buy/sell spreads will apply. Remember, before making any investment decisions to consider if it is right for your financial circumstances. Past performance is not an indicator of future performance and when choosing your investment options you should consider the likely investment return, risk and how long you will be investing your super.

We're here for you on 1800 075 785, 8am-8pm Mon to Fri, or 9am-5pm Saturday (AEST/AEDT) for any questions and if you don't already have an adviser and need more help, we can put you in touch with a Money Coach for one free advice session to assist you with choosing the right investments for you.

## Growth option

The Growth option aims to provide long term capital growth with income built into the unit price. The risk level of this option will not change.

### New Investment Objective

Aims to achieve a 2.5% average annual return above inflation (CPI) over 8 years after fees and taxes (previously 3.0% over 6 years before fees and taxes).

Along with changes to the asset allocation, the asset class allocation ranges will also be updated.

Asset class	Previous ranges	New ranges	Previous target allocation	New target allocation
Australian Shares	20-50%	25-45%	35%	35%
International Shares	10-40%	5-25%	15%	15%
International Shares (Hedged)	10-40%	5-25%	15%	15%
Australian Listed Property	0-10%	0-15%	5%	5%
Australian Fixed Interest	0-20%	0-25%	10%	15%
International Fixed Interest (Hedged)	0%	0-10%	0%	0%
Cash	10-30%	5-25%	20%	15%

## High Growth option

The High Growth option aims to provide long term capital growth with income built into the unit price. The risk level of this option will not change.

### New Investment Objective

Aims to achieve a 3.5% average annual return above inflation (CPI) over 10 years after fees and taxes (previously 3.5% over 7 years before fees and taxes).

Along with changes to the asset allocation, the asset class allocation ranges will also be updated.

Asset class	Previous ranges	New ranges	Previous target allocation	New target allocation
Australian Shares	25-75%	40-60%	50%	50%
International Shares	0-50%	10-30%	25%	20%
International Shares (Hedged)	0-50%	10-30%	25%	20%
Australian Listed Property	0-5%	0-20%	0%	10%
Cash	0-5%	0-5%	0%	0%

### 3. Maximums for Shares and Exchange Traded Products (ETPs)

We are changing the share trading maximums to allow greater flexibility when investing in the Shares category. A maximum will apply depending on which share or ETP you invest in, which we have grouped into tiers. We've listened to your feedback and we're now providing more opportunity to diversify and control your investments.

See the table below for details of the new maximums. A list of all ETPs grouped by tier can be found at the end of this update.

These new maximums will apply for any new purchases made from the Shares investment category.

	Tiers	Individual share maximum	Total portfolio maximum
Old maximums	S&P/ASX 300 & ETPs	You can invest a maximum of 20% of your total account balance in any one share.	You can invest up to 80% of your total account balance in shares.
	Direct shares		
New maximums	S&P/ASX 300 constituents	A maximum of 20% of your total account balance can be invested in any one of the S&P/ASX 300 constituents (no change).	A maximum of 100% of your total account balance (subject to the Cash Hub minimum) can be invested in the S&P/ASX 300 constituents.
	ETPs		
	Exchange Traded Product Tier 1	A maximum of 50% of your total account balance can be invested in any one of the Tier 1 Exchange Traded Products (an increase of 30% from the previous limit).	A maximum of 100% of your total account balance (subject to the Cash Hub minimum) can be invested in Tier 1 Exchange Traded Products, an increase of 20% from the previous limit.
	Exchange Traded Product Tier 2	A maximum of 25% of your total account balance can be invested in any one of the Tier 2 Exchange Traded Products (an increase of 5% from the previous limit).	A maximum of 100% of your total account balance (subject to the Cash Hub minimum) can be invested in Tier 2 Exchange Traded Products, an increase of 20% from the previous limit.
Exchange Traded Product Tier 3	A maximum of 10% of your total account balance can be invested in any one of the Tier 3 Exchange Traded Products (a decrease of 10%).	A maximum of 40% of your total account balance can be invested in Tier 3 Exchange Traded Products, a decrease of 40% from previous limit.	
	<b>Please note:</b> If you are invested in any ETP in Tier 3 as at 1 June 2017 and exceed either of the maximums, you will not be able to purchase further ETPs in this tier until you have reduced the balance below the applicable maximum.		

#### What does this mean for me?

Please review your situation and current superannuation investments in light of these changes. If you need help understanding these changes, you can speak to one of our super specialists on 1800 075 785, 8am-8pm Mon to Fri, or 9am-5pm Saturday (AEST/AEDT).

## 4. Tiered ETP list

Our shares menu will now be tiered to make it easier for you to identify which maximum applies to which tier.
