Cash and cash equivalents at the beginning of the financial year		378,332	384,362
Cash And Cash Equivalent At The End Of The Financial Year	12	413,483	378,332

The statement of cash flows should be read in conjunction with the accompanying notes.

ING SUPERANNUATION FUND

Notes to the financial statements

For the year ended 30 June 2022

1. General information

ING Superannuation Fund (ABN 13355603448) (the "Fund") is a retail superannuation fund domiciled in Australia. The Fund is primarily involved in providing retirement benefits to its members. The Fund was constituted by a Trust Deed dated 13 June 2012 as amended.

In accordance with amendments to the Superannuation Industry (Supervision) Act 1993, the Fund is registered with the Australian Prudential Regulation Authority ("APRA") as a Registrable Superannuation Entity ("RSE") (R1074741).

The Fund is a defined contribution fund. Members are either those employees of Australian-based employers who have selected the Fund as the default fund for their employees or those members who have voluntarily selected the Fund.

The Trustee of the Fund during the reporting period was Diversa Trustees Limited (ABN 49 006 421 638) (RSE No L0000635).

The address of the Fund's registered office is Level 9, 2 Southbank Boulevard, Southbank, Victoria.

Both the Trustee and the Fund are domiciled in Australia and registered with APRA.

These financial statements cover the Fund as an individual entity. The financial statements of the Fund were authorised for issue by the directors of the Trustee on 29 September 2022. The directors of the Trustee have the power to amend and re-issue these financial statements.

2. Summary of significant accounting policies

Unless covered in other notes to the financial statements, the principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated in the following text.

(a) Basis of preparation

These general purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board, the *Superannuation Industry (Supervision) Act 1993 and Regulations ("SIS")* and the provisions of the Trust Deed.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

(b) Financial instruments

(i) Classification

The Fund's investments are classified at fair value through the income statement. They comprise:

- *Financial instruments held for trading*
Derivative financial instruments such as futures, forward contracts, options and interest rate swaps are included under this classification, however the Fund presently is not directly exposed to or involved in the use of derivative financial instruments. However, some of the underlying instruments may utilise derivative financial instruments to hedge or partially hedge specific exposures. The Fund does not enter into, hold or issue derivative financial instruments for trading purposes.
- *Financial instruments designated at fair value through income statement upon initial recognition*
These include financial assets that are not held for trading purposes and which may be sold. These are investments in exchange traded debt and equity investments, unlisted trusts and commercial papers.

These instruments are managed and their performance is evaluated on a fair value basis in accordance with the Fund's investment strategy.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(b) Financial instruments (continued)

(ii) Recognition/de-recognition

Financial assets and liabilities are recognised on the date the Fund becomes party to the contractual agreement (trade date) and changes in the fair value of the financial assets or financial liabilities are recognised from this date.

Investments are de-recognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all of the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Fund measures a financial asset or liability at fair value. Transaction costs are expensed in the income statement.

Subsequent to initial recognition, all financial assets and financial liabilities are measured at fair value through income statement are measured at fair value. Gains and losses are presented in the income statement in the period in which they arise as net changes in fair value of financial instruments.

For further details on how the fair values of financial instruments are determined refer to Note 4.

(iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability at the same time.

(c) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from investing activities.

(d) Revenue recognition

Revenue, including interest, is recognised to the extent that it is probable that the economic benefits will flow to the Fund and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised.

Changes in fair value

Changes in fair value of investments are recognised as income and are determined as the difference between the fair value at balance date or consideration received (if sold during the year) and the fair value at the previous balance date or cost (if the investment was acquired during the year)

Interest income

Interest revenue from financial instruments that are held at fair value is determined based on the contractual coupon interest rate and includes interest from cash and cash equivalents.

Dividend income

Dividend income is recognised on the date the shares to which the dividend relates are quoted ex-dividend and if not received at reporting date, the dividend receivable is reflected in the statement of financial position as a receivable at fair value.

Trust distribution income

Distributions from unlisted managed investment schemes are recognised on the date the Fund becomes entitled to or is attributed the distribution. If not received at reporting date, the distribution receivable is reflected in the statement of financial position as a receivable at fair value.

(e) Expenses

Expenses are recognised in income statement as the related services are received.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(f) Receivables

Receivables may include amounts for dividends, interests and trust distributions and are measured at fair value. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the end of each reporting period from time of last payments as set out in Note 2 (d) above.

Amounts are generally received within 30 days of being recorded as receivables. Collectability of trade receivables is reviewed regularly. Amounts which are known to be uncollectable are written off by reducing the carrying amount.

(g) Payables

Payables include liabilities and accrued expenses owing by the Fund which are unpaid as at the end of the reporting period. These amounts are unsecured and are usually paid within 30 days of recognition.

(h) Benefits paid/payable

Benefits paid/payable are valued at the amounts due to members at reporting date. Benefits paid/payable comprise pensions accrued at balance date and lump sum benefits of members who are due a benefit but had not been paid at balance date.

(i) Contributions received and transfers from other funds

Contributions received and transfers from other Funds are recognised in the statement of changes in member benefits when the control of the contribution or transfer has transferred to the Fund. They are recognised gross of any taxes.

(j) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities. Estimates are evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(k) New accounting standards and interpretations adopted during the year

There are no other standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2021 that have a material impact on the amounts recognised in the prior or current periods or that will affect future periods.

(l) Accounting standards and interpretations issued, but not yet effective

A number of new standards, amendments and interpretations are effective for annual periods beginning after 1 July 2022, and have not been adopted in preparing these financial statements. None of these are expected to have a material impact on the financial statements of the Fund.

New or revised requirement	Title	Effective Date (annual periods beginning on or after)	30 June 2022 YE Applicability
AASB 17	Insurance Contracts	1 January 2023	Optional
AASB 2021-2	Amendments to Australian Accounting Standards - Disclosure of Accounting Policies and Definition of Accounting Estimates	1 January 2023	Optional
AASB 2021-5	Amendments to Australian Accounting Standards - Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023	Optional

These Standards applies to annual reporting periods beginning on or after 1 January 2023. These amendments are not expected to have a significant impact on the Funds financial statement.

There are no other new accounting standards and other authoritative pronouncements that are expected to have a material impact on the Fund.

Other legislative/ government developments

Climate related and other emerging risk disclosure

There is a continuing global push to standardise environmental, social and governance (ESG) reporting and be aware of how recent global developments, might be implemented in the Australian context. The IFRS Foundation has announced the formation of the International Sustainability Standards Board (ISSB) and the Australian regulatory environment continues to evolve.

ING SUPERANNUATION FUND

Notes to the financial statements

For the year ended 30 June 2022

2. Summary of significant accounting policies (continued)

(l) Accounting standards and interpretations issued, but not yet effective (continued)

The ISSB is expected to finalise its first Standards in 2022. Operating within the existing institutional framework, the AASB intends to develop reporting requirements for non-financial information and the AUASB intends to simultaneously update relevant assurance standards, which are already capable of addressing current voluntary disclosures. ASIC is also increasingly focusing on material risk disclosures in the operating and financial review (OFR), including recommending that directors should consider whether to disclose information that would be relevant under the Task Force on Climate-related Financial Taskforce (TCFD) recommendations. Financial reporting areas that may be impacted include asset impairment, changes in useful lives, valuation of assets, provisions and contingent liabilities and expected credit losses.

(m) Rounding of amounts

Amounts in the financial statements have been rounded off to the nearest thousand dollars, unless otherwise indicated.

3. Financial risk management

The fund's activities expose it to a variety of financial risks: market risk (including price risk and interest rate risk), credit risk and liquidity risk.

In March 2020, the World Health Organisation declared COVID-19 a pandemic. The Trustee acknowledges the current outbreak of COVID-19 and the increased market volatility it has created within the financial markets the Fund operates. This volatility has had a corresponding impact on the fair value of the Fund's investment portfolio, both during the financial year as well as subsequent to the reporting date.

The Trustee is monitoring developments closely, noting that given the nature of the outbreak and the ongoing developments, there is a high degree of uncertainty and therefore it is not possible to predict the extent and nature of the overall future impact of the Fund. The Trustee however actively manages the financial risks that the Fund is exposed to, with the approach outlined further within this note and the fair value of the Fund's investments continue to be valued in accordance with the frequency set out in the Fund's investment governance framework ("IGF") established by the trustee, applying valuation methodologies reflective of the prevailing market conditions.

The IGF sets out the Trustee's policies and procedures for the selection, management and monitoring of investments for the Fund. For each investment option offered by the Fund, the Trustee seeks to maximise the returns derived for the level of risk to which the Fund is exposed.

At the time of signing these financial statements, there is an increased level of global uncertainty associated with the conflict in Ukraine. The long-term impacts of the Ukraine conflict are not yet known but are likely to result in increased market volatility. The Trustee's risk management framework continues to be applied across the Fund's operations, and the Trustee has considered the impact of the situation in Ukraine and other market volatility in preparing these financial statements. In addition, the Fund has exposure to the broader macroeconomic factors including inflation pressures and increasing interest rate environment.

(a) Market Risk

(i) Price Risk

The Fund is exposed to equity securities price risk. These arise from investments held by the Fund for which prices in the future are uncertain.

The Trustee mitigates price risk through diversification and a careful selection of securities. Compliance with the IGF and supporting investment guidelines are monitored by the Trustee on a regular basis.

At 30 June, the fair value of investments exposed to price risk were as follows:

	2022	2021
	\$'000	\$'000
Australian equities	400,875	444,019
Unlisted unit trusts	1,856,275	2,154,194
Net exposure to price risk	<u>2,257,150</u>	<u>2,598,213</u>

The value for unlisted unit trusts includes investments in the cash option for 2022 of \$154.2 million and 2021 \$132.4 million.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

3. Financial risk management (continued)

(a) Market Risk (continued)

(ii) Cash flow and fair value Interest rate risk

The Fund is exposed to cash flow interest rate risk on financial instruments with variable interest rates.

Financial instruments with fixed interest rates expose the Fund to fair value interest rate risk.

The table below summarises the Fund's direct exposure to interest rate risk.

At 30 June 2022

	Floating interest rate \$'000	Fixed Interest rate \$'000	Non-interest bearing \$'000	Total \$'000
Cash and Cash Equivalents	413,483	-	-	413,483
Term Deposits	-	96,648	-	96,648
	413,483	96,648	-	510,131

At 30 June 2021

	Floating interest rate \$'000	Fixed Interest rate \$'000	Non-interest bearing \$'000	Total \$'000
Cash and Cash Equivalents	378,332	-	-	378,332
Term Deposits	-	132,253	-	132,253
	378,332	132,253	-	510,585

(b) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders to interest rate risk and price risk. The reasonably possible movements in the risk variables have been based on the Trustee's best estimate, having regard to a number of factors, including historical levels of changes in interest rates and market volatility. Actual movements in the risk variables may be greater or less than anticipated due to a number of factors. As a result, historic variations in risk variables should not be used to predict future variations in the risk variables.

Impact on operating position/Net Assets attributable to members

	Price Risk		Interest rate risk	
	-15% MSCI Index \$'000	+7.5% MSCI Index \$'000	-13.5 Basis Points \$'000	+13.5 Basis Points \$'000
30 June 2022	(448,197)	224,098	(40,338)	40,338
30 June 2021	(476,886)	238,443	(42,920)	42,920

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

3. Financial risk management (continued)

(c) Credit Risk

The Fund is exposed to credit risk, which is the risk that a counterparty will be unable to pay amounts in full when they fall due, causing financial loss to the Fund.

The main credit risks, to which the Fund is exposed, arises from the Fund's investment in cash and cash equivalents, interest bearing securities and other receivables. The Trustee monitors the Fund's credit risk exposure on a regular basis.

The Fund measures credit risk using probability of default, exposure at default and loss given default. Management consider both historical analysis and forward looking information. At 30 June 2022 and 30 June 2021, all receivables, amounts due from brokers, cash and short-term deposits are held with counterparties with a credit rating of BBB or higher and are either callable on demand or due to be settled within one week. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term.

Sensitivity analysis - credit risk

	2022	2021
	\$'000	\$'000
Cash and cash equivalents	413,483	378,332
Term deposits	96,648	132,253
Unlisted unit trusts	1,856,275	2,154,194
Interest, dividends and other receivables	227,189	122,163

(d) Liquidity Risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations to members or counterparties in full as they fall due or can only do so on terms that are disadvantageous.

The Fund is obligated to pay member benefits upon request in accordance with relevant legislative requirements. The Trustee's policy is therefore to primarily hold investments that are traded in an active market and can be readily disposed of and converted into known amounts of cash. Only a limited proportion of its assets are held in investments not actively traded on a stock exchange or ordinarily redeemable within a short period of time. The Fund's overall liquidity risks are monitored by the Trustee's Investment Committee at least annually, which includes reviewing results of liquidity of the investment portfolio and any consequential impact on asset allocations for a range of stressed market events taking into account potential adverse impacts on cash flows resulting from investment switching by members, rollover and benefit requests, settling foreign currency transactions and funding capital call commitments.

The liquidity position of the Fund is conditional on a number of external factors including the liquidity of the investment markets in which the Fund and the relevant legislative requirements governing members' access to their superannuation benefits.

(i) Maturities of financial liabilities

The tables below show the Fund's financial liabilities based on their contractual maturities using undiscounted cash flows. Liabilities to defined contribution members are payable upon request. The Fund considers it highly unlikely that all liabilities to members would fall due at the same time.

	Carrying amount \$'000	Less than 1 month \$'000	1 to 3 months \$'000	Greater than 3 months \$'000
At 30 June 2022				
Trade and other payables	3,437	3,437	-	-
Current tax liabilities	24,814	-	24,814	-
Unsettled trades	1,037	1,037	-	-
Defined contribution/benefit member liabilities	2,969,871	2,969,871	-	-
Total undiscounted financial liabilities	2,999,159	2,974,345	24,814	-

	Carrying amount \$'000	Less than 1 month \$'000	1 to 3 months \$'000	Greater than 3 months \$'000
At 30 June 2021				
Trade and other payables	1,774	1,774	-	-
Current tax liabilities	16,801	-	16,801	-
Unsettled trades	1,077	1,077	-	-
Defined contribution/benefit member liabilities	3,165,089	3,165,089	-	-
Total undiscounted financial liabilities	3,184,741	3,167,940	16,801	-

The liability for accrued benefits have been included in the less than one month column. This is the earliest date on which the Fund can be required to pay members' vested benefits, however the Trustee does not anticipate that members will call upon all amounts vested to them during this time.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

4. Fair value measurement

(a) Fair value hierarchy

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements.

The fair value hierarchy has the following levels:

- (i) **Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities. These inputs are readily available in the market and are normally obtainable from multiple sources.
- (ii) **Level 2:** inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly. The Trustee values Australian equities using broker quotes, units in unit trusts using the unit price provided by the underlying fund manager and term deposits using purchase price.
- (iii) **Level 3:** one or more of the significant inputs are not based on observable market data, examples include discount rates and other material unobservable inputs. The Trustee values units in unit trusts classified as level 3 using the unit price provided by the underlying fund manager. These unit trusts hold illiquid investments such as unlisted property and private equity.

Recognised fair value measurements

The table below sets out the Fund's financial assets and liabilities at fair value according to the fair value hierarchy.

As at 30 June 2022

In thousands of dollars

	Level 1	Level 2	Level 3	Total
Financial assets				
Cash and cash equivalents	413,483	-	-	413,483
Term Deposits	96,648	-	-	96,648
Australian Equities	400,875	-	-	400,875

The unlisted unit trusts includes investment in cash option equalling \$154.2 million in 2022 (\$132.4 million in 2021)

Distribution for the last quarter was declared on 30 June 2022 and was not invested as at that date.

Movement between level investments in the Fair Value Hierarchy

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There have been no transfers between level 1 and level 2 of the fair value hierarchy during the year. There are no level 3 investments.

Valuation process

The Trustee reviews valuations of the financial instruments required for financial reporting purposes, including level 3 fair values. Changes in level 2 and 3 fair values are analysed at each reporting date by the Trustee.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

5. Net changes in fair value of financial instruments

Net changes in financial assets measured at fair value:

	2022	2021
	\$'000	\$'000
Investments held at the end of the reporting period		
Australian equities	86,137	63,484
Unlisted unit trusts	(521,576)	209,478
	(435,439)	272,962
Investments realised during the reporting period		
Australian equities	2,436	14,410
Unlisted unit trusts	(33,022)	36,965
	(30,586)	51,375
Total	(466,025)	324,337

6. Unlisted unit trusts

The exposure to investments in investee funds at fair value, by investment strategy, is disclosed below:

	2022	2021
	\$'000	\$'000
Cash funds ¹	146,037	132,479
Fixed interest funds	387,416	388,485
Australian property funds	160,372	166,552
Australian equity funds	661,571	777,074
International equity funds	623,117	719,662
Floating rate funds	100,475	86,888
	2,078,988	2,271,140
Less: distribution receivable	222,713	116,946
	1,856,275	2,154,194

¹ Included within Cash Funds in 30 June 2022 is \$2.5 million relating to unsettled applications and redemptions

The Fund's maximum exposure to loss from its interests in investee funds is equal to the total fair value of its investment in the investee funds.

During the year ended 30 June 2022, total losses accrued on investments in investee funds were (\$554.5 million). For the year ended 30 June 2021, total gains accrued on investments in investee funds were \$246.4 million.

During the year the Fund earned fair value gains and distribution income as a result of its interest in other funds.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

7. Member liabilities

(a) Recognition and measurement of member liabilities

The entitlements of members to benefit payments are recognised as liabilities. They are measured at the amount of the accrued benefits as at the reporting date, being the benefits the Fund is presently obliged to transfer to members or their beneficiaries in the future as a result of the membership up to the end of the reporting period.

(b) Defined contribution member liabilities

Defined contribution member account balances are measured using valuations determined by the Trustee based on the underlying investment option values selected by members or alternatively reflect the fair value of the investments held by the members.

The defined contribution members bear the investment risk relating to the underlying investment options. Unit prices used to measure defined contribution member liabilities are updated each day for movements in investment values.

As at 30 June 2022, the net assets attributable to defined contribution members have been substantially allocated. Unallocated amounts are shown in the statement of financial position as "unallocated surplus" within equity.

	2022	2021
	\$'000	\$'000
Member benefits	2,969,871	3,165,089
Unallocated surplus	9,090	4,368
ORR Reserve	9,017	9,781
Net assets available for member benefits	<u>2,987,978</u>	<u>3,179,238</u>

8. Insurance arrangements

The Fund provides death and disability benefits to its members. The Trustee has a group policy in place with a third party insurance company to insure death and disability benefits for the members of the Fund.

The Fund collects premiums from members on behalf of the relevant insurance company. Insurance claim amounts are recognised where the insurer has agreed to pay the claim. Therefore, insurance premiums are not revenues or expenses of the superannuation entity and do not give rise to insurance contract liabilities or reinsurance assets. Insurance premiums charged to members' accounts and reinsurance recoveries allocated are recognised in the statement of changes in members' benefits.

The Trustee determined that the Fund is not exposed to material insurance risk because:

- members (or their beneficiaries) will only receive insurance benefits if the external insurer pays the claim;
- insurance premiums are only paid through the Fund for administrative reasons; and
- insurance premiums are effectively set directly by reference to premiums set by an external insurer.

9. Reserves

The Operational Risk Reserve (ORR) may be used in certain circumstances to address operational risk events or claims against the Fund arising from certain operational risk events. The ORR is operated in accordance with the Operational Risk Requirement Strategy. The Trustee has assessed an ORR target amount of 0.25% of funds under management as appropriate for the Fund. The Fund achieves its ORR target amount via an operational risk reserve in the Fund.

	2022	2021
	\$'000	\$'000
ORR	<u>9,017</u>	<u>9,781</u>

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

10. Income Tax

This note provides an analysis of the Fund's income tax expense/(benefit) and how the tax expense/(benefit) is affected by non-assessable and non-deductible items.

(i) Accounting policy

Under the Income Tax Assessment Act, the Fund is a complying superannuation fund. As such, a concessional tax rate of 15% is applied on net investment earnings with deductions allowable for administrative and operational expenses. Financial assets held for less than 12 months are taxed at the Fund's rate of 15%. For financial assets held for more than 12 months, the Fund is entitled to a further discount on the tax rate leading to an effective rate of 10% on any gains/(losses) arising from the disposal of investments.

Current tax is the expected tax payable on the estimated taxable income for the current year based on the applicable tax rate adjusted for instalment payments made to the ATO during the year.

Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities in the financial statements and the amounts used for taxation purposes. Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Income tax expense

	2022	2021
	\$'000	\$'000
Current tax expense		
Tax on statement of changes in member benefits	33,777	30,739
Tax on income statement	(35,134)	36,997
Current tax expense/(benefit)	(1,357)	67,736
Deferred tax expense		
Movement in temporary differences	54,867	(29,029)
Under/overprovision income tax	1,022	419
Income tax expense/(benefit)	54,532	39,126

(iii) Numerical reconciliation between tax expense and profit before income tax

Operating result before income tax	(210,552)	467,089
Tax at complying superannuation fund tax rate of 15% (2021 - 15%)	(31,583)	70,063
Non-assessable investment income	16,559	(22,752)
Net imputation and foreign tax credits	(19,153)	(10,103)
Under/overprovision income tax	(1,022)	(419)
Other	65	208
Income tax expense/(benefit) accrued as a result of operations	(35,134)	36,997

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

10. Income Tax (continued)

(iv) Deferred tax assets and liabilities

	2022	2021
	\$'000	\$'000
Net changes in fair value of financial instruments	<u>22,796</u>	(32,071)
Net deferred tax asset/(liability)	<u>22,796</u>	<u>(32,071)</u>

(v) Recognised in the statement of changes in member benefits

Contributions and transfers in recognised in the statement of changes in member benefits	19,216	20,812
Tax at the complying superannuation fund rate of 15%	2,882	3,122
Non-assessable contributions	(15,642)	(18,963)
Group Life proceeds	(712)	(967)
Non deductible benefit payments	47,063	47,363

Group Life insurance proceeds	4,750	6,448
Group Life insurance premiums	(11,878)	(11,741)
Net cash inflow/(outflow) from operating activities	(16,046)	(8,221)

14. Commitments

There are no commitments the Trustee is aware of as at the date of this report.

15. Contingent liabilities and contingent assets

There are no outstanding contingent assets or liabilities as at 30 June 2022 and 30 June 2021.

16. Events occurring after the reporting period

There has been no significant event that have occurred since the end of the reporting period which would impact on the financial position of the Fund as at 30 June 2022 or on the results and cashflows of the Fund for the year ended on that date.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

17. Related Party Transactions

(a) Trustee

The Trustee of ING Superannuation Fund is Diversa Trustees Limited (ABN 49 006 421 638) (RSE No L0000635).

The compensation received or due and receivable by the Trustee from the Promoter in connection with the trusteeship of the Fund was \$1,048,027 (2021: \$882,150).

Key management personnel include persons who were directors of Diversa Trustees Limited at any time during the financial year as follows:

V. Plant , appointed 4 May 2017

A. Peterson , appointed 28 June 2019

F. McNabb, appointed 28 June 2019

M. Terlet (Chairperson), appointed 18 February 2021

R. Beard, appointed 18 February 2021

S. Thomas, appointed 15 August 2022

None of the directors nor the Trustee are or were unitholders of the Fund.

(b) Other key management personnel

There were no other persons with responsibility for planning, directing and controlling the activities of the Fund, directly or indirectly during the financial year.

(c) Remuneration of directors of the Trustee

The directors of the Trustee do not receive any remuneration directly from the Fund or the Promoter.

(d) Other entities with significant influence over the Fund

The Promoter of the Fund is ING. ING is a business name of ING Bank (Australia) Limited ABN 24 000 893 292, AFSL 229823.

Under the terms of the Trust Deed the Promoter is entitled to receive compensation for services provided to the Fund.

Remuneration of the Promoter

There have been no transactions between the Promoter and the Fund other than promoter fees disclosed in the Statement of changes in member benefits. The compensation received or due and receivable by the Promoter from the Fund in connection with services provided to the Fund was \$23.5 million (2021: \$21.4 million).

The amounts disclosed above as paid to the Promoter, constitutes two components, being Investment Expenses and Promoter Fees. The difference in these totals amounts is due to cash and accrual methodologies.

There were no other transactions between the Promoter and the Fund during the year.

Investments

ING Bank (Australia) Limited, a company related to the Promoter. They are appointed as the sub investment manager for the Cash Option, Term Deposits and the Cash Hub of the Fund. The investment in the Term Deposits and the Cash Option are disclosed in Note 4.

There were no other related party transactions that require disclosure as at 30 June 2022 and 30 June 2021.

ING SUPERANNUATION FUND
Notes to the financial statements
For the year ended 30 June 2022

18. Remuneration of auditors

During the year the following fees were paid or payable for services provided by the auditors of the Fund:

	2022	2021
	\$'000	\$'000
KPMG		
Audit and review of financial statements	79	76
Other regulatory assurance services	26	25
	<u>105</u>	<u>101</u>
Grant Thornton		
Audit and review of the risk management framework	<u>3</u>	<u>3</u>

Auditor's remuneration is paid by the Fund Promoter.

19. Involvement with unconsolidated structured entities

Entities that meet the definition of investment entity within AASB 10 are required to measure their subsidiaries at fair value through profit or loss rather than consolidate them. The criteria which defines as investment are as follows:

- An entity that obtains funds from one or more investors for the purpose of providing those investors with investment management services;
- An entity that commits to its investors that its business purpose is to invest funds solely for returns from capital appreciation, investment income or both; and
- An entity that measures and evaluates the performance of substantially all of its investments on a fair values basis.

The Fund product disclosure statement states its objective of providing services to members which includes investing in a diversified investment portfolio for the purpose of returns in the form of investment income and capital appreciation.

The Fund reports to its members via an annual report on a fair value basis. All investments are reported at fair value to the extent allowed by AASB 1056 in the Fund's annual report. The Fund has a documented exit strategy for all of its investments.

The Trustee has also concluded that the Fund meets the additional characteristics of an investment entity, in that it has more than one investment; the investments are predominantly in the form of equities; it has more than one investor and its investors are not related parties.

The Trustee has therefore concluded that the Fund meets the definition of an investment entity. These conclusions will be reassessed on annual basis, if any of these criteria or characteristics changes.

The Fund has a controlling interest in the following unconsolidated structured entities. The Fund accounts for the movements in its investments in unconsolidated structured entities through the Income Statement.

	2022	2021
State Street Australian Equities Index Trust	82%	88%

As at 30 June 2022, there are no significant restrictions on the ability of an unconsolidated structured entity to transfer funds of the Fund in the form of dividends or to repay advances made to the unconsolidated structured entity by the Fund.

As at 30 June 2022, the Fund does not have any current commitments or intentions to provide financial or other support to unconsolidated structured entities, including commitments or intentions to assist the unconsolidated structured entities in obtaining financial support.

Trustees' declaration

In the opinion of the directors of the Trustee of ING Superannuation Fund:

- (a) the accompanying financial statements and notes set out on pages 1 to 19 are in accordance with:
 - (i) Australian Accounting Standards and other mandatory professional reporting requirements, and
 - (ii) present fairly the Fund's financial position as at 30 June 2022 and its performance for the financial year ended on that date.
- (b) the Fund has been conducted in accordance with its constituent Trust Deed and the requirements of the Superannuation Industry (Supervision) Act 1993 and its accompanying Regulations; the relevant requirements of the Corporations Act 2001 and Regulations; the requirements under Section 13 of the Financial Sector (Collection of Data) Act 2001, during the year ended 30 June 2022, and
- (c) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

Signed on behalf of the Board of Directors of Diversa Trustees Limited as Trustee for ING Superannuation Fund.

Independent Auditor's Report

ING Superannuation Fund ABN 13 355 603 448

Report by the RSE Auditor to the trustee and members

Opinion

I have audited the financial statements of ING Superannuation Fund ('the Fund') for the year ended 30 June 2022 comprising the statement of financial position, income statement, statement of changes in members benefits, changes in reserves, cash flows and accompanying notes as set out on pages 1 to 19.

In my opinion the financial statements present fairly, in all material respects, in accordance with Australian Accounting Standards the financial position of ING Superannuation Fund as at 30 June 2022 and the results of its operations, cash flows, changes in reserves and changes in members' benefits for the year ended 30 June 2022.

Basis for Opinion

I conducted the audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of my report. I am independent of the entity in accordance with the auditor independence requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to my audit of the financial statements in Australia. I have also fulfilled my other ethical responsibilities in accordance with these requirements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the trustee for the Financial Statements

The RSE's trustee is responsible for the preparation and fair presentation of the financial statements in accordance with Australian Accounting Standards and the requirements of the *Superannuation Industry (Supervision) Act 1993* (SIS Act) and the *Superannuation Industry (Supervision) Regulations 1994* (SIS Regulations). The trustee is also responsible for such internal control as the trustee determines is necessary to enable the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustee is responsible for assessing the ability of the RSE to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustee either intends to liquidate the RSE or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Australian Auditing Standards, I exercised professional judgement and maintained professional scepticism throughout the audit. I also:

- identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtained an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the RSE's internal control.
- evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustee.
- concluded on the appropriateness of the trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the RSE's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my audit opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the RSE to cease to continue as a going concern.
- evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- communicated with the trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identified during my audit.
