

Product update

1 March 2019

1. Changes to Employer Contributions

From 1 April 2019, employer contribution payments can no longer be made by BPAY, cheque or direct credit into Living Super. This is due to the Australian Taxation Office (ATO) introducing additional reporting requirements for superannuation funds. The information we receive from your employer via BPAY, cheque or direct credit will no longer be sufficient for us to fulfil the new ATO reporting obligations.

We will be changing the information available on our website and member portal to reflect this change. Please also notify your employer of this change.
